

The 2010 Ohio QSO Party

Late August once again brought out the ham radio activity in the Buckeye state, with record setting turnout and activity for the 2010 Ohio QSO Party. To the numbers:

Number of entries: 294
Total QSOs reported: 40,548
Active stations: 3,064

REPORTED QSOS PER BAND AND MODE

	80	40	20	15	10	Total
CW:	7962	6798	3565	5	3	18,333
SSB:	12925	6970	2261	28	31	22,215

By comparison, in 2009 there were 219 entries and 33,502 QSOs reported. The 2010 QSO total was nearly double that of 2007, a year marked by poor propagation and heavy QRN.

Much of the increase was in 75 meter SSB activity, as Ohio station figured out the if you can't beat 40 meters, go somewhere else. While this year there were some short periods of 40 meter propagation within Ohio, now that solar activity is on the increase hopefully that will be more common in 2011 and future years.

All Ohio counties were activated on both modes. Overall the least worked county, Pickaway, still had 40 QSOs. Only five counties had single digit totals on a given mode - Morgan on CW; and Holmes, Wyandot, Paulding, and Pickaway on SSB.

From outside Ohio, Pennsylvania was the most worked state. At the other end of the list, no QSOs were reported with Prince Edward Island or Newfoundland and Labrador.

Much credit for the increased activity goes to Ken Silverman, K2KW. Those of you in Ohio likely heard from Ken as part of his exceptional efforts to promote activity in the OhQP. It is therefore fitting that K2KW, operating as K8O from N0FW's station in Butler county, is the winner in the Single Operator High Power category. In the process he also set a new OhQP record for that category.

Ken won in a very tight race with last year's SOHP winner, Bob Hayes, KW8N, in Lorain county. Bob had more QSOs and multipliers than K8O, but Ken's strong CW showing was the key to his win. KW8N still gets a plaque for his efforts, by turning in the top single operator SSB effort.

Bob Liddy, K8BL, took the top honors in the Single Operator Low Power category from Lake county.

Tom Hain, KV8Q, spent the whole time operating CW from his Columbus QTH, and was rewarded by winning the plaque for the top single operator CW score.

In the QRP category, Hank Greeb, N8XX, formerly from Cincinnati and now living in Michigan, came down to set up a portable operation as N8Q from the village park in McClure in rare Henry county. Hank takes home a plaque for his category winning effort.

Once again AD8J and W3NO ventured west from Pittsburgh to help WA3C activate his Jefferson county station as K8T to win the Multioperator category. Since then AD8J has retired to North Carolina. While we hope he might make the return trip in 2011, there may well be an opening for a new challenger in the class.

Sharon Martarello, KJ8F, achieved a threepat by once again winning the YL plaque from Allen county.

Hal Offutt, W1NN, pulled off something of an upset in the Mobile category by winning that plaque as a single operator, without a driver. Hal operates from fewer counties than the typical mobile, spending much of his time operating while parked. This year a great SSB multiplier total, largely from an unusually good SSB run from Seneca county, was enough to put him over the top.

Jim Stahl, K8MR, with John Bostwick, AC8E, usually mobile competitors, this year while driving around eastern Ohio, put down temporary roots in rare Monroe and Carroll counties to put them into the Rover category, in which they took home top honors.

In the Ohio Club competition, the Delaware Amateur Radio Association easily won the category, in the process smashing the existing club record.

From outside Ohio, Paul Newberry, N4PN, of Macon, Georgia, once again has the top score. His effort was the first time an out of state station has broken the 400 QSO mark in OhQP. However a higher proportion of SSB QSOs and two fewer multipliers left him 2000 points short of breaking his existing OhQP out of state record from 2006.

Steve Woods, NA4K, won the single operator low power category from Tennessee. Completing an out of state sweep from the southeast, in the QRP category another Tennessean, Jules Fazekas, N2WN, took home top honors.

Alan Brubaker, KO7X, made many OhQP operators happy with the Wyoming multiplier, and in doing so he won the plaque for the top station from the Mountain/Pacific time zones.

A new DX record was set by Uli Ann, DL2HBX, operating from DF9LJ's excellent station. Uli is no stranger to Ohio or the OhQP. He recently spent 5 years living in Michigan where he held the call KK8I. While Uli lived in W8-land he did two mobile trips to Ohio for the OhQP, including winning the mobile category in 2006 as part of the K8BB team.

Led by N4PN, the Southeast Contest Club won the out of state club category, with the Tennessee Contest Group in a strong second place.

The Mad River Radio Club, sponsor of the OhQP, thanks all who participated from both inside and outside Ohio. Special thanks are in order to those who made a special trip from outside the state to operate, often activating rare counties. Among these are groups from Indiana (the N9FN rover group), Wisconsin (W9MSE, who does have family in the Canton area), Maryland (K3TN of the K8SV mobile team), Pennsylvania (W3AG/R and those in the K8T effort), Tennessee (WO4O who operated the

Dayton ARA club station, W8BI), and Michigan (N8XX/N8Q), as well as several mobiles: N8SS, K8UNS, and K8DD. Sadly the trip for Hank Kohl, K8DD, was his last. Hank, a long time MRRC member and active participant in past Michigan and Ohio QSO Parties, passed away on November 13, at the much too early age of 67.

The Ohio QSO Party is made possible by the efforts of all who get on the air and make QSOs. But we'd like to recognize those behind the scene people who put it all together. As mentioned earlier, Ken, K2KW did a great job of publicizing the OhQP and stirring up interest around the state. Gary, AF8A, and Jim, K8MR, did the collecting and preprocessing of the received logs. Dave, K8CC, was the checker of the logs. Everett, WZ8P, is the maker of the beautiful OhQP plaques. And it was K8MR, the OhQP Chairman, who did the write up.

As always, the Ohio QSO Party is held on the 4th Saturday of August, which for the next few years is also the last Saturday of the month. Mark August 27, 2011, on your calendars for the next one. We hope to see you all again, and next time bring along a few friends as well.

2011 Ohio QSO Party

Saturday, August 27

Noon to Midnight EDT

2010 Ohio QSO Party

Plaque Winners

Category	Winner	Sponsor
Ohio Single Operator High Power	K8O (K2KW, opr)	Findlay Radio Club

SOAPBOX COMMENTS

Had a great time. See you next year.

- AC8GE

Interesting perspective from 4000mi away. DF9LJ's great station allowed me to feel almost back in MI.

- DL2HBX

Tks for a great QSO party. Many fixed and mobiles around. I only operated CW. Thatswhy no chance to win. Congrats to DL2HBX

- DL3DXX

There are only three counties in OH that I never worked. Several mobile stations were heading towards one, but then turned away rather than moving through them... Thrilling, but don't worry. Had enough fun anyway.

- DL3GA

Thanks for Q's, see you next time!Rig TS-530SP 100W, ant end-fed wire 21 mtrs long above flat roof.

- HA2MN

Special TNX to the Rovers and Mobile stations.

- K0JPL

I broke fast this year and worked some SSB. 75 Meters was in fine shape. No way can I stay in the chair for 12 hours for a QSO party but it looks like if I had, in this one, I might have been in the running for a plaque. Dang. I managed to drop in and out of the radio room at the right times to maintain a decent rate, and working both modes helped a lot. I rank the QSO parties, in order of interest and activity like this: New England, 7QP, California, Florida, Pennsylvania, Ohio.

- K1TN

Good activity. Tnx to W4BQF for hosting my 45 minute effort!

- K1TO

Great Time!!

- K8ARL

80m was noisy here during the day. 40m was a little better for working Ohio stations on 40m than last year.

- K8CC

The clock ticks down... 11:59:56, 57, 58, 59, Noon...CQ Ohio QSO Party,

- K8DV

First OQP

- K8LBT

Thanks

- K8MCN

With all the announced mobile coverage, I decided to switch over to the Rover class to give better coverage on phone to some rare counties. First stop was in Carroll, mostly on 40 SSB, where an A/B test showed the dipole was 4 S-Units better than the mobile whip. We planned to stop in Belmont, but were behind schedule and anyway the planned stopping location, the rest area on I-70 west, was closed due to road construction. The second stop was at a beautiful hilltop location in Monroe county, where we did mostly 75 meters. We have a way to go in efficient Rover operation, but we as always had a fun OhQP trying it out.

- K8MR

Operated Portable with Mobile antenna and Vertical commercial power from Camp Toodik. Was fun but need a place with higher ground next time...

- K8QWY

First ever contest, enjoyed, will try to do a full time next year.

- K8QXO

The number of Q's were way down but the number of mults were way up.

We even managed to work all states.

- K8T

I was limited to 75 meters due to antenna problems. Surprisingly I did OK on the contacts made despite my voice disability and the insanity of 75 meters! Hope to be here in 2011 and do better!

- KA8NSG

Trying NVIS end fed wire ... 137.5 feet long up 12 feet, 30 Watts.

- KB8FE

Operated from KD8NTR's house in Wood County

- KB8PAI

Operated Field Day style w/FT-817ND & a homemade jumpered dipole up about 30 feet.

- KB9UIY

My first OhQP! Lots of fun handing out PIKE. 73!

- KC8IMB

Great contest, I had a blast. Looking forward to next year.

- KC8WH

loved it!

- KC8YJJ

5 W with FT 817 MOBILE WITH A HAMSTICK ANTENNA. THANKS TO EVERYONE THAT PULLED ME OUT OF THE NOISE FLOOR!

- KE4HUD/M

CW Log Operated from Union County as Madison County ARC

- KE8RV

I made my worldly entrance and grew up in Ohio, I always enjoy doing the QSO party. From four hoofs to four wheels, great mobile activity.

- KN4Y

Another fine Ohio QSO Party. My thanks for the organizers of this event. Lots of activity from what I could tell. It will be interesting to hear the comments from the out-of-state folks. Once again, K8MR led my log with 16 Q's followed by W8TK with 10, K8RYU with 9, W9MSE with 8, W8O and W1NN with 7, AE8M with 6, K8DD with 5, and WB8JUI with 3 Q's. I found 76 of the 88 counties and got 43 of the 61 sections getting VE1 and VE3 north of the border. Surprising to get about two dozen DX Q's in the log with DL3DXX getting Q's on 20, 40 and 80 meters. No Q's on 15 or 10 - even when I tried to move locals over there. Heard some really big numbers out there. I'll be anxious to see if anyone swept the 88 counties. Someday I will have to look for that mike again. Then I'll have to figure out how to make a SSB QSO!!! Thanks for all of the QSO's, folks. I'll be looking for you once again next year.

- KV8Q

Thanks to Kenny for stirring up participation.

- KW8N

3RD OHIO QSO PARTY

- N1NN

The mobiles were great and so was the fixed station participation. Always amazes me how some folks can copy me first call at 30+ WPM or on SSB and others, who are often much louder don't even catch a part of my call. *sigh* Sounded like a lot of folks were dealing with QRN big time.

It was nice to hear younger voices and some very polite exchanges, particularly considering ummm some touchy comments from non-contest stations. Thought KJ8F did a great job, very friendly as was a YL, who's call I misplaced. Bravo! K8MR was wailing on the key and always impresses me with his ability to get 'er done on the first try. Funny story with my buddy Rick, WB8JUI, tried moving him to SSB a couple times. His rate picked up as soon as I asked the second time, maybe that was an omen, we never connected for SENE on SSB, but hopefully the extra Q's helped!

Beat my 2008 score by a nice margin, which was unexpected. Had hoped for some 15/10 action, but was happy enough with a few 20M QSOs for a change.

K8MR (14), K8DD (8), AE8M (3), W1NN (7), W8O (8), WB8JUI (4)

Hope to catch a bunch of you next Sunday in the Tennessee QSO Party.

- N2WN

LOTS OF FUN.

- N4JF

GREAT AGAIN THIS YEAR...THANKS TO K8MR AND OTHERS FOR A GREAT JOB OF PROMOTING THE OHQP...THANKS TO MOBILES AND ALL OTHERS

- N4PN

Poor band conditions but GREAT contest!

- N4RWH

Always a great time

- N8B

Lots of fun. Tnx to K2KW for getting the word out. Good OH activity and lots of out of state interest. Got caught up in the good SSB rates and my CW total suffered. Good job by K2KW and KW8N.

- N8BJQ

Phone operation Union County of KE8RV - Madison County ARC

- N8GU

Working from an unknown spot can be a problem, but the village of McClure in HENRY county was a dream come true. The village park had a ball field with 60' + light poles, plus a tree which was strategically located about 120' from one of the poles, just right for an 80 metre dipole! With such a setup, the only problems were operator error and a couple glitches in equipment.

- N8Q

In our first attempt at Rover, it was frustrating how many people claimed we were dupes or refused to work us when we worked them from Auglaize and called them again from Mercer. We feel like we lost a significant number of QSO's due to this even though we were CQing as N9FN/AUGL or N9FN/MERC on CW, and plainly specifying the current county name on SSB.

- N9FN

Great contest. Had a blast. Doubled last years score and hopefully will triple it next year, can't wait!!"

- ND3R

This time it really never "took off" (DX plaque in 2009)

It was mi 11th so cu in 2011!!

- PA3ARM

ICOM 765 100 W 4 ele QQ

- SP5SA

K2, 5w, verticals. Tnx for the contacts.

- VA3RKM

Always enjoy this party. Lots of activity. Thanks to all. Rig: TS830S (100s), Butternut HF6V vertical.

- W1END

NOT MY USUAL SCORE AS I MISSED THE FIRST 5 HOURS

- W2UDT

Nice weekend at Geneva St. Park. Activities included wine tasting, swimming in Lake Erie, and OQP!

- W3AG

Thanks for sponsoring, organizing, and administering this event

- W4JHU

Thanks to all for the great party!

- W4UCZ

No signals heard in AZ on 15M or 10M. Thanks for all the QSO's.

- W6RLL

Good to hear so many counties.

- W8BD

Had fun in the contest. This was my first OhQsoParty. Will be here again in 2011.

- W8GCD

Operating a brand new Flex 3000. Wish I would of had a headset, would of done a more serious effort with one."

- W8GG

Enjoyed it this year, 80m made it!

- W8KNO

My first contest submission in my Ham Radio career which spans 53 years.

- W8LO

I scored much better than the last time (2007), operating for 7 hours around other commitments. I was happy to work 76 counties on SSB, with all contacts on 40 or 80 since I'm too close for 20. Thanks to the rovers, who always seemed to find me, if I did not find them first. That really helped the score. Hope to be back again next year. "

- W9QL

Nice group...see you next year

- WA2CG

Enjoyed the Party & added to Work All Counties list

- WA5TRX

It's nice to be in a hard to work county.

- WA8KIW

I did not hear all the counties that I've heard in years past. Propagation?

- WA8YVF

Operated from NWOARC Club Booth at Allen County Fair.

- WB8ULC

Poorly oriented antennas for being heard by upstate stations

- WB8VNV

73 to all

- YO3FOU
